

Sacramento Fine Arts Center Presents:

IMPRESSIONIST OIL PAINTING CLASSES

By Victoria Brooks

These oil painting classes will emphasize working quickly and completing at least two paintings in 3 afternoons. We will be using a direct approach, which the impressionists called “Alla Prima,” or “all at once.” Your completed paintings will have a fresh, spontaneous feel. We will be working from your photos (or mine) for reference and inspiration, and not just to “copy.” We will also be painting still life. You will create new, unique, beautiful works of art!

Technique, composition, color and values will all be addressed, as a group and individually. This class is for all level of painters. I will be doing several quick demos, as well as giving, frequent, constructive class critiques.
