

# ACRYLIC PAINTING CLASSES

## Instructor: Ann Marie Campbell

Acrylics Paints are fun!

Learn to use acrylic paints in various ways, from subtle washes that hum softly to thick impastos that scream their texture. Along the way, we will discuss fundamentals such as Color Theory, warm colors vs. cool colors, lighting, the "bedbug" line, "halation", composition and more.

All levels welcome, from beginner to more experienced.

Participants will work on their choice of subject, receiving instruction and guidance as their paintings progress. Additionally, a portion of each session will be devoted to learning those fundamentals of painting listed above.

MATERIALS NOT INCLUDED.
