3/31 (10-4) & 4/7 (10-3) MOSAIC YARD ART

Pretty-up your outdoor space with mosaic!

In this 2-Saturday workshop you will learn how to create an exterior-grade base to hang outside. Make a simple shape like a flower, round, fish, etc! Perfect for address signs, too.

Class #1: learn about materials that can withstand the elements and create a substrate (base) to mosaic. Basic skills related to outdoor mosaic will be covered like glass and tile cutting.

Class #2: learn all about grouting and sealing your mosaic!

(Note: in the week between class 1 and 2, you will need to do some homework: finishing your mosaic so it's ready to grout in class 2.)

Price: 150.+45. materials fee
